Books.

The President's Books.

TEN VOLUMES.
By President Theodore Roosevelt.

Each Volume about 300 pages. Handsomely bound in cloth.
Large, clear type, beautifully printed on fine paper. 50c. a Volume.

These are the last of the popular edition of the President's books. We are informed that future editions will sell for high prices—something like \$10 a volume. We believe this report, because plenty of people will buy the President's books at whatever cost. It is a good business move on the part of the publisher in his own interest, as well as in the interest of the distinguished author.

Heretofore, we understand, the President's profits have not been nearly commensurate for his labors as an author. He is an open-handed man who probably cared little about royalties. We will all be glad to learn that his labors will be liberally rewarded. Meanwhile, and for a little while only, we have these ten volumes of the President's books for sale at \$5—only 50 cts. a volume. When they are all gone these volumes will be apt to double and treble in value.

Never before in our history has a President figured as a popular author during his term as Chief Executive. President Roosevelt is to-day the most interesting man in the country, and in no way can he be known so well as by reading his books.

Administration: In this volume the President discusses, in his own vigorous and readable style, Civil Service, New York Police, The Monroe Doctrine, Washington's Forgotten Maxim, National Life and Character, Our Poorer Brother, Social Evolution and the Law of Civilization and Decay.

In the above volume the President's convictions on many important public questions are plainly expressed. A volume of great interest to every man of public spirit.

Hunting Trips on the Prairie. A volume of entertaining miscellany. Sights and Sounds of the Desolate Plains, Night Camps, Eagles, Battle Snakes, Prairie Dogs, Badgers, Hunting on Horseback. "A Long Shot." A trip after Mountain Sheep—the hardest game to successfully hunt, the Lordly Buffalo, Still-Hunting Elk, and another adventure with dangerous old Ephraim.

The readers of this Hunting Volume will be delightfully entertained, and will be well satisfied that a vigorous man of steady nerve and high courage is at the head of the Nation.

The Naval War of 1812. Part I. In the preface of this edition President Roosevelt describes the land operations of this war, which were generally disastrous. Causes of the war. Cruises and engagements on the Ocean, 1812-1813. On the Lakes, 1812-1813. Perry's Victory.

The Naval War of 1812. Part II. Strictness of Blockade; Cruises and Engagements on the Ocean, 1814. British in the Chesapeake and Capture of Washington. Operations on the Lakes, 1814. Splendid Victory of MacDonough; Concluding Operations, 1815. The Constitution's Brilliant Successes; the Battle of New Orleans.

Few books are more satisfying than the President's history of the War of 1812. These two volumes, in a sense, continue the history of the "Winning of the West." The War of 1812 cleared the lakes of the British and finally subdued their allies, the Indians.

Winning of the West. Part I. Treats of the spread of English-speaking people; the Indian Confederacies, 1765-1774; the Backwoodsmen of the same period; the Long Hunters, Sevier, Robertson and Lord Duncmore's War.

Winning of the West. Part II. Battle of the Great Kanawha, 1774; Boone and Kentucky, 1775; in the Current of the Revolution; Overwhelming the Cherokees, 1776; War in the Northwest; Clark's Campaigns, 1778, 1779.

Winning of the West. Part III. The Moravian Massacre; the Conquered French Settlements; Kentucky; the Holston Settlements and the Cumberland settlements to the Close of the Revolution; Fine description of the battle of Kings Mountain, where backwoodsmen soundly thrashed the British Regulars, 1780.

Winning of the West. Part IV. Inrush of Settlers after the Revolution, Indian Wars, 1784-1787; Navigation of the Mississippi; Separatist Movements and Spanish Intrigue; the "State" of Franklin; Kentucky's struggle for Statehood.

Winning of the West. Part V. The Northwest Territory; Ohio, 1787-1793; War in the Northwest; the Southwest Territory; Tennessee, 1788-1790. St. Clair's Defeat, 1791; Mad Anthony Wayne and Fight of the Fallen Timbers.

Winning of the West. Part VI. Intrigues and Land Speculations; Treaties of Jay and Pinckney; Men of the Western Waters, 1798-1807; Purchase of Louisiana; Burr's Conspiracy; Explorers of the Far West, 1804-1807.

The brief notes of contents of the foregoing six historical volumes fail to convey a hint of their real charm. They are filled with Indian stories—true stories of the deadly struggle that was always going on between determined backwoodsmen and their wily and treacherous foes.

WHO GOES THERE?

The Story of a Spy in the Civil War.

By B. K. BENSON.

Cloth. 12mo. \$1.50. Illustrated.

"Beyond question the best story of the civil war that has appeared of recent years. . . . Veterans who took part in the campaigns of the Army of the Potomac will follow every page with absorbed interest. . . . so detailed and seemingly so accurate are the descriptions of battlefields and of the positions occupied by the two armies at different times. The book deserves to be put among the works of history dealing with the civil war, rather than among the works of fiction so great is the preponderance of fact. It is due to the author's power for graphic presentation of detail, and his keen regard for the facts and emotions of his hero, that his book contains much of the interest of a novel while containing more historical truth than most historical fictions."—The Springfield Republican.

"Unquestionably this production ranks with the very best stories that have been written about the great rebellion. . . . No veteran of the war could read of the gallant work done so systematically, yet modestly, by the almost unknown soldier, Jones Berwick, and add anything to the charm of the tale."—Evening Post, Chicago.

"Much of the atmosphere of war time is caught into the work, and such is the charm of reality which the author throws around the events which he describes that the reader, as he becomes immersed in the spirit of the story, can almost hear the rattling of musketry and the booming of cannon."—Atlanta Constitution.

A FRIEND WITH THE COUNTERSIGN.

Sequel to "Who Goes There?"

By B. K. BENSON.

With eight full-page illustrations by Louis Betts. Cloth. 12mo. \$1.50.

"One of the most remarkable military novels that have been written about the civil war."—Brooklyn Daily Eagle.

"A wonderful picture of the war. . . . It is history rather than fiction, yet it is told with such skill that it possesses all the charm of a romance."—Denver Times.

"The book wears an air of reality which is absolutely convincing to the reader, and the effect is heightened by the introduction of maps and notes."—Richmond Times.

"There is no lack of adventure and hair-breadth escapes, and the reader will get a clear idea of the ebb and flow of the tremendous struggle and a glimpse of the great leaders on both sides as a valuable addition to the romantic and adventurous interest of the story."—The Congressionalist.

"From every standpoint—skill of plot construction, excellence of character drawing, literary merit in the narration, technical completeness and faithfulness to history, and fairness of treatment, 'A Friend with the Countersign' easily ranks with its companion book at the head of civil war stories."—Denver Republican.

BAYARD'S COURIER.

A Story of Love and Adventure in the Cavalry Campaigns.

By B. K. BENSON.

With eight full page illustrations by Louis Betts. Cloth. 12mo. \$1.50.

This story is pronounced one of Mr. Benson's best, and easily takes rank with two other serials by the same author, which have appeared in The National Tribune: "Who Goes There?" and "A Friend With the Countersign."
